Profile

My summer at Clark Wilson gave me the incredible opportunity to try all different kinds of work within our wide variety of practice areas. Regardless of whether I was attending court, mediations or discoveries, writing research memos, sitting in on client meetings, drafting amending documents or settlement offers, writing blog posts or reviewing textbook chapters and proposing changes, I always received unconditional support and helpful feedback. Each one of the lawyers, paralegals and legal assistants were always prepared to offer their assistance, provide guidance or simply chat if I wanted to get to know them better. Everyone was incredible generous with their time and always willing to meet up for a coffee or lunch. I am very excited to return next year and look forward to beginning my articles!
