Profile

Companies need practical solutions when they're looking to develop unique financings or navigate stringent securities regulations. Alex works to deliver sound business strategies essential for growth.

He is effective at helping his clients raise capital and access instruments of debt. They rely on him to provide proactive and timely advice that is aligned with their commercial goals.

Alex has successfully undertaken a number of complex transactions for publicly traded companies in the mineral exploration, technology, life sciences and oil and gas industries. In touch with changing market trends, he has an intuitive ability to provide practical legal advice and cement strong and communicative client relationships. This allows him to manage financial expectations, meet compliance standards and ensure the appropriate corporate measures are taken.

Services

- > Mergers and acquisitions
- > Reverse takeovers and qualifying transactions
- > Prospectus offerings and IPOs
- > Plans of arrangement, amalgamations and other corporate reorganizations
- > Corporate governance, including regulatory compliance and policy crafting policies

- > TSX, TSXV, CSE and cross-border listings
- > Takeover bids and shareholder activism advice
- > Property purchase, disposition, option, joint venture, royalty and earn-in agreements
- > Private debt and equity financings

Alex's experience in the banking industry brings added value for his clients. He is responsive to their unique requirements and knows the financial complexities they deal with. This business-driven approach and appreciation for their performance targets enhances his advice.

By taking the time to understand his clients' needs, Alex sees the big picture and collaboratively develops commercially sensible solutions.
