### Profile

Kyle works in our Capital Markets, Securities, Mergers & Acquisitions team to help a diverse range of companies, from startups to established companies, achieve their growth goals. Our clients benefit from Kyle's legal expertise and experiences working in the business world.

In his Family Law practice, Kyle assists our clients with a myriad of family agreements including pre-nuptial and cohabitation agreements, marriage agreements, separation, and even pet custody arrangements. With a client-centric approach, he works collaboratively with our clients to safeguard their interests while maintaining an amicable and non-adversarial atmosphere throughout the process. Kyle's goal is to ensure that families can navigate these sensitive matters with clarity and fairness.

Prior to his legal career, Kyle held a managerial role at a start-up company in Edmonton. He was involved in structuring the business, developing a long-term growth strategy, and expanding into new markets. These experiences equip Kyle with a keen understanding of our clients' goals and the methods to achieve them.

Kyle's experiences also prepared him to deal with any sudden issues that arise during his legal work. He combines a practical, methodical approach with a composed response to challenges. This combination is an asset for both our team and our clients.

Kyle's desire to pursue a career in law was initially fueled by a passion for entrepreneurship, helping companies and family enterprises grow. He was inspired by the founder of the travel company he worked at while living in Japan and furthered his curiosity about business growth and strategy with an undergraduate degree in commerce. He has witnessed the passion and emotion that goes into growing a business and is honoured to be part of our clients' success.
